## FALL 2018 UPDATE TO THE 2018/2019 BUDGET

```
Comments/Explanations of changes from original Spring 2018/2019 Budget Report:
Explain any changes in revenue or fee items >5\% (any highlighted items in cells S10-S24 on Page 1 or cells S10-S22 and S26-S40 on Page 2)
Student fees - The original budget submission used the submitted fee schedule which included a per family fee to a local Chrisitan Society (\$367,200). These fees are required to be disclosed but should not be in our budget because they do no come to us. The additional variance is from rounding some figures off.
Rental - variance is minor. Updated estimate based on history and shared usage agreement.
Fundraising - Updated estimate based on prior year history.
Other sales and services: Expected international fees up \(\$ 51,865\). Agreed on payments for staffing from external groups up \(\$ 144,196\)
Explain any changes in program expenses >5\% (any highlighted items in cells S27-S32 on Page 1):
Transportation revenue and expense projections updated based on actual enrolment and new year billings.
External Sevices increase - increase in the extimated cost of the dormitory for elite sports program. Based on prior year actuals.
Explain any changes in expenses by object >5\% (any highlighted items in cells S37-S48 of Page 1):
Unsupported Amortization - actual variance is minor. Amortization schedules were updated at yearend
Services Contracts and Supplies. The following 4 items make up the bulk of this variance:
1. Anticipated international ed fees increased by \(\$ 51,865\). The funds collected in this program are spent in this program for those student's benefit. Their budget was increased to match their revenue
2. Christian society fees included in the spring submission would have been off-set with expenditures in this category \(\$ 367,200\)
3. Transportation in Horizon is a contracted service. The fall estimate is \(\$ 198,000\) lower than the spring.
4. Maintenance is budgeted to be \(\$ 226,935\) lower than the spring. This is due to the actual amount of carry-over in IMR (usually expended through contracts) and the high amount of planned capitalized spending through this program.
```

Explain any changes in projected Accumulated Operating Surplus and Capital Reserves as at August 31, 2018 or August 31, 2019 by $\mathbf{> 5 \%}$ (any highlighted items in cells S52-S55 on Page 1):

The board has committed $\$ 465,000$ to fund the upgrade of windows at the D.A. Ferguson middle school modernization. It was expected that would be taken in 2018 and was not. That commitment has been pushed forward to 2019.

Explain change in total certificated staff $>3 \%$ (if cell S58 or S59 on Page $\mathbf{1}$ is highlighted) or non-certificated staff $>\mathbf{3 \%}$ (any highlighted items in cells S63-S66 on Page 1):

Transportation co-ordinator works mornings which is equal to 0.57 FTE. Previously presented at 0.5 .
Other non-instructional staff - a part time courier driver was added in September. This service was previously contracted out. Some other minor changes to individual time assignements were also made.

Explain change in enrolment $\mathbf{> 3 \%}$ (if cell S48 or cell S54 on Page $\mathbf{2}$ is highlighted):

ECS enrollments are the hardest to predict because we don't know everyone that is in the community and people don't often register early even though we try to encourage it. Spring estimates for ECS enrollments are conservative because of the uncertainty around them.
